Jump to ratings and reviewsAfter a year spent trying to prevent a catastrophic war among the Greek gods, Percy Jackson finds his seventh-grade school year unnervingly quiet. His biggest problem is dealing with his new friend, Tyson--a six-foot-three, mentally challenged homeless kid who follows Percy everywhere, making it hard for Percy to have any "normal" friends.But things don't stay quiet for long. Percy soon discovers there is trouble at Camp Half-Blood: The magical borders which protect Half-Blood Hill have been poisoned by a mysterious enemy, and the only safe haven for demigods is on the verge of being overrun by mythological monsters. To save the camp, Percy needs the help of his best friend, Grover, who has been taken prisoner by the Cyclops Polyphemus on an island somewhere in the Sea of Monsters--the dangerous waters Greek heroes have sailed for millenia--only today, the Sea of Monsters goes by a new name... the Bermuda Triangle.Now Percy and his friends--Grover, Annabeth, and Tyson--must retrieve the Golden Fleece from the Island of the Cyclopes by the end of the summer or Camp Half-Blood will be destroyed. But first, Percy will learn a stunning new secret about his family--one that makes him question whether being claimed as Poseidon's son is an honor or simply a cruel joke. 216 people are currently readingRick Riordan is the #1 New York Times bestselling author of many books, including the Percy Jackson series. Displaying 1 - 30 of 55,249 reviewsApril 4, 2016Ahh so good! Rick does it again! May 30, 2016I enjoyed this so much! Though I will admit that I didn't enjoy it as much as book one. Percy is such a fun narrator and I'm excited to continue following his journey. June 23, 2023 Tyson 4Ever. Some time after the events of The Lightning Thief, Camp Half Blood protection spells starts waning to the point of almost breaking apart completely, leaving its borders wide open and unprotected from monster attacks. Upon the impending destruction of the only haven left for demigods, Percy, Annabeth, Tyson and Clarisse embark on a desperate quest to find the Golden Fleece, the only sacred relic capable of healing Thalia's Tree and restore its defensive powers. On a separate plane, Grover missing and possibly subject of a fatal destiny. His time running short, or maybe already too late. This was a fantastic sequel. Percy and Annabeth great as always, Clarisse still hateful but scoring some redeeming points, but of all the characters the ever innocent and selfless Tyson was the one that truly captured my heart. Amazing character development. A bit slowly paced compared to the first installment, but still fully action packed. Some epic memorable moments and incredible battles against mythological figures like Giants, Hydra, Scylla, Charybdis, Circe and Polyphemus, among others. Luke was also there. And you gotta love the Hippocampi! The ending was spectacular, hilarious, crazy, and terrible. And an absolutely mind blowing cliffhanger to seal the deal. Thalia!*** The movie (2013) was a somewhat better adaptation, at least compared to the disappointing first. Fairly faithful to the book, and averagely entertaining. Thank god Head replaced Brosnan as Chiron! Lerman and Daddario a bit more seasoned and convincing this time. Ambience, pacing and ending good enough, I guess. Nevertheless, despite some things done right, the sequel was yet again overall not convincing and failed to hit all the right spots, and by far. Acceptable enough to be watched, yet not enjoyable enough to be worth it. I love the series, but regarding the movies, I can live without, and I'm not surprised this was the last one to be filmed.----- PERSONAL NOTE : [2006] [279p] [Fantasy] [YA] [Highly Recommendable]-----★★★★1. The Lightning Thief★★★★2. The Sea of Monsters [4.5]★★★★3. The Titan's Curse★★★★4. The Battle of the Labyrinth★★★★5. The Last Olympian [4.5]----- Tyson x100Pre. Algún tiempo después de los eventos de El Ladrón del Rayo, las protecciones mágicas del Campamento Mestizo empiezan a menguar hasta el punto de casi romperse completamente, dejando abierta su fronteras y totalmente desprotegida para ataques de monstruos. Ante la inminente destrucción del único refugio para los semidioses, Percy, Annabeth, Tyson y Clarisse se embarcan en una desesperada misión para hallar Vellocoino de Oro, la única reliquia sagrada capaz de curar el Árbol de Thalia y restaurar sus poderes defensivos. En otro plano separado, Grover ausente y posiblemente sujeto a un fatal destino. Su tiempo acabándose rápidamente, o tal vez ya es demasiado tarde.Esta fue una secuela fantástica. Percy y Annabeth geniales como siempre. Clarisse todavía odiosa pero anotando algunos puntos de redención, pero de todos los personajes el siempre inocente y gentil Tyson fue el que verdaderamente capturó mi corazón. Asombroso desarrollo de personajes. Un poco más lenta comparada con la primera entrega, pero aun así completamente cargada de acción. Algunos memorables y épicos cíclopes y sorprendentes batallas contra figuras mitológicas como gigantes, Hidra, Escila, Caribdis, Circe y Polifemo, entre otros. Luke también estuvo ahí, ¡y hay que amar esos Hipocampos! El final espectacular, hilarante, loco, y terrible. Y un gancho final que absolutamente vuelve la mente para cerrar el trato. Thalia!*** La película (2013) es una algo mejor adaptación, al menos comparada con la decepcionante primera. Decentemente fiel al libro, y entretenidamente promedio. ¡Gracias a dios que Head reemplazó a Brosnan como Quirón! Lerman y Daddario un poco más experimentados y convincentes esta vez. Ambiente, ritmo y final suficientemente buenos, supongo. Sin embargo, a pesar de algunas cosas hechas bien, la secuela otra vez en conjunto no convence y falla en pegar en todos los puntos importantes, y por lejos. Suficientemente aceptable para ser vista, pero no lo suficientemente disfrutable para que valga la pena. Amo la serie, pero con respecto a las películas podría vivir sin ellas, y no me sorprende que esta fuera la última en ser filmada.----- NOTA PERSONAL : [2006] [279p] [Fantasia] [Joven Adulto] [Altamente Recomendable] -----adapted almost-fav fantasy SK (Back for good this time? We'll see!)July 29, 2024 Reread (July 2024) It's been yearss and the cliffhanger still hits ~-~-~. Original review- Sea of Monsters is the most underrated book of the PJO series. I realise there are many iconic moments from this one. This is the book when you really start to ship Percabeth. The slow burn *chef's kiss*. The way Percy held Annabeth when they encountered the sirensThis book gives you a really good cliffhanger which just makes you want to pick up the next book immediately. The scene with "Nobody" = awesome. Also I just want to make it clear I will fight for Tyson. He's precious. And this is really satisfying to see how both Percy and Annabeth developed their relationship with him. Also let's not forget badass Clarisse. I really admire her character and we get to see more of her softer side later in the series. Can't wait to read the Titan's Curse@July 27, 2016 A guy in Greek armor drew his sword and charged, but slipped in a puddle of pina colada. Really, who can not love a book with lines like that? I actually had the urge take this book in my hand with a strong grip and whirl it towards my head for waiting so long to read this series. I just kept putting it off for some reason or other. Luckily I came to my senses. For the most part things have been pretty quiet this school year and Percy even makes a new friend named Tyson, a giant of a kid. Well, this is the Percy Jackson series and things don't stay quiet for long. Monsters come in and attack the gym during a game of dodgeball and chaos ensues, and Percy learns that something terribly wrong has happened. The tree that signifies Thalia's sacrifice has been poisoned and Camp Half-Blood is no longer safe.Riordan has made quite a world here, but that's not the only thing you need to get a good story. Characters are SO important and he doesn't forget that. All of them are typically well drawn out. After finishing this one I feel like I know Percy and Annabeth a little better than I did before. We get to see some new characters, Tyson being my favorite and new powers and awesome mythological information. What really impresses me is that it can be funny, witty, informational, believable, smart, suspenseful at the same time without the reader losing the sense of adventure and how much heart all the characters have. What's so cool is that the action never seems to slow down, the action star in me is thoroughly satisfied. The ending is setup well for the next book, and just shows how tricky our villain is. I actually wish I could write a longer very concise and intelligent review about this book (maybe I couldn't accomplish that) but I don't want to give anything away, and really the book can stand on it's own without my help.Most people have read them all by now so this message is for you stragglers who waited so long like myself: GO AND READ IT! I doubt you'll regret it.Added later: Guess what? They decided to go ahead and make a movie based off the second book. The trailer looks promising guys!2010 books-own books-made-into-movies March 1, 2025Another 5* from Celyn. I read this book to her out of order, having read book 1 then book 3 before it. I hate it when people do that, but the books are pretty stand-alone and we picked the wrong one when leaving the house in a hurry.Actually I can now better appreciate the cross-book story and it's quite clever, so that's good.This volume continues the mix of Greek myth, modern America, and teenagers. Percy battles through various monsters in bloodless battles where the beasts turn to mist on their deaths and reform years later. We're introduced to his half-brother, a cyclops, and a quest is launched to thwart the dastardly plan to destroy Camp Half-Blood. Various famed nasties are encountered including (& here I'm not going to google the correct spelling) Lastrigonian giants, Stympthalian birds, Charybdis and Scylla, Circe, and Polyphemus. Hermes pops up too. It's all rowdy and fairly random fun raiding non-cyclops Greek myth but other periods of history to give us a Civil War gunboat and some famous pirates to boot.The twist is actually a clever one, neatly mirroring the villain's supposed victory with the heroes'.Solid YA entertainment. Join my PatreonJoin my 3-emails-a-year newsletter #prizes. ~Virginia Ronan ♥ Herondale ♥June 2, 2021 "We did all the standard numbers: 'Down by the Aegean', 'I Am My Own Great-Great-Great-Grandpa', 'This Land is Mino's Land'. The bonfire was enchanted, so the louder you sang, the higher it rose, changing colour and heat with the mood of the crowd.' Sounds like a really nice night at Camp Halfblood, right? I mean who wouldn't want to sing "This Land is Mino's Land"? On a side-note: Uncle Rick if you read this, can I please have the lyrics for those songs? *lol* I'd love to read them!!!) Unfortunately not everything is as it seems, and Percy isn't only plagued by strange dreams of his best friend wearing a bridal gown (Hey there Grover, you're looking good!) :-P) but also by a few ancient Monsters that apparently feel a need to attack his home. But worry not! We all know that for every problem there is a solution and of course Annabeth already figured it out. I guess to have a daughter of Athena at your side really comes in handy sometimes. :-) Especially if you're a very practical and down-to-earth person like Percy. "I'll give you a hint. What do you get when you skin a ram?" "Messy?" See, very practical indeed. *lol* Otherwise he probably would have never figured out that you don't only get messy but also get a "Golden Fleece" as well. (Of course only if your sheep actually happens to be a golden sheep, but that's another story for another day. :-P) Anyway, moving on. Camp Halfblood is in trouble and the only thing that's able to help them to restore their protective barrier is the Golden Fleece. So our favourite demt-gods do what they do best: They go on a dangerous quest! XD I thought about it. It did seem a little weird, but, I mean, doughnut shops weren't really high on my list of sinister forces. I totally agree with you Percy, but what about the dangers of the sea? Sirens, hydras, a sinister sorceress, a woman with six dog heads or a sea monster that swallows entire ships? What about guinea pigs? Guess they all count as sinister forces. (Yes, even the guinea pigs! *lol*) Well, I'm pretty sure by now you all realized that Percy's quest is rather adventurous and I admit it, even perilous. Our favourite hero wouldn't be our favourite hero if he wouldn't be able to circumnavigate all those lethal dangers though, (pun, totally intended! XD) and in the end... Well, what did you expect? Did you really think I'd spoil you? *lol* Nope, I won't. You'll have to find out for yourself. :-P!l only tell you as much: It was a fun ride once again and after that mean cliff-hanger I can't wait to get a hold of the next book! =) Families are messy. Immortal families are eternally messy. Sometimes the best we can do is to remind each other that we're related, for better or worse... and try to keep the maiming and killing to a minimum. "May 19, 2021 "Oy! Goaties! Sheepies!" "Medea's Suncresen SPF 50,000."Percy Jackson is all geared up to take us through the second adventure, with the help of a new set of characters. And the Bermuda Triangle - did not see that one coming. The plot is great, and keeps the overall tone set in first book intact, while moving along a little more complicated journey. And the character interactions are more believable compared to the first, where we had the 12-year-old Percy killing off monsters from the very beginning. And this is a lot more hilarious, of which I'm no longer going to complaining, unlike I did with the first. Though it reduces the suspense somewhat, it's so much fun to read. As for the ending, which is kind of a dramatic cliffhanger, will certainly keeps things well connected to the next book. I started a marble bust of Poseidon, but it started looking like Sylvester Stallone, so I ditched it. "There is one thing that keeps nagging at me ever since I started this series. Had I begun Percy Jackson and the Olympians before Harry Potter, I might've given both books I read so far 5-stars. But our perspectives change with each finished book, while affecting the way we enjoy them. And on a completely unrelated subject, I - who had no knowledge whatsoever in Greek Mythology - am now becoming kind of an expert of Greek gods: can remember almost all 12 major ones as I'm finishing the second book of the series. "If there's one thing I've learned over the years, it's that you can't give up on your family, no matter how tempting they make it." August 15, 2020 If you see me lowering my 5 star rating to 4, look away (this has always been my least favorite of the series but I still love it of course)----- Annabeth: she fell off and died along the way but that's not importantPercy: well it was probably important to her... don't mind me crying over this for no reason. -----it's Percy Jackson's birthday and I'm going through a reading slump, so tell me right now, to my face, one good reason I shouldn't start rereading the rest of this seriesbook fantasy middle-grade August 5, 2019 It's been a minute, but I'm finally back in the world of Percy Jackson and all the greek mythology goodness!Just like when I read 'the lightning thief', I really wish I had read this when I was middle grade aged. It definitely would have kickstarted my obsession with greek mythology much earlier, that is for sure the strength of this series, especially when reading as an adult. The fun little cameo of circe in this was such a highlight for me. its so entertaining to see these myths play a part in such an excitingly wholesome story. even though this installment is a little short and a bit of a filler sequel, im still very much interested to see how the series plays out. these books are just so lighthearted and fast paced, they make for the perfect pleasure read!- 3.5 starsDecember 27, 20205/5 stars. It's insane how fast I can read this series.And now, ladies and gentlemen, I'm ready for the second masterpiece. Val ⚔ Shameless Handmaiden ⚔March 19, 2018 Loving this series.Between working my way through this series, the Harry Potter series, and Miss Peregrine's series this year, I am enjoying myself immensely. I am apparently newly obsessed with middle grade fantasy and comic books. Who would have think it. And to know Riordan has three other series in addition to this one just makes me childishly joyful.0-in-my-library-read 4-starsTina Rafil♥ lives in FandomsMarch 10, 20224.5 Golden starsPJO series is getting better book by book. (& all of them are great! The Demigods world is expanding...Awwwwww Tyson& Grover:Tantalus is Umbridge.& everything in the Sea of Monsters... the parts I lovesums it up.LOLip.s. I can relate to Percy so much! I haven't notice that before! I'm so unreasonably happy now! XD-World building: ★★★★★5Characters: ★★★★★5Written style: ★★★★★5 (HUMOR! : ★★★★★5)plot: ★★★★★5General idea: ★★★★★52010-2016 5-stars all-time fav July 28, 2021 1st RereadTyson has my WHOLE HEART!This book was honestly so funny! Tyson, Mr. D and Percy all had me laughing throughout the entire book. The hummus dialogue? The "What's that?" questioning? Peter Johnson? This book had the comedy down.I also loved Percy's journey with embracing Tyson after so much uncertainty, slight jealousy, prejudice, and embarrassment. It was truly beautiful to see Percy accept him at the end!And the plot twist?! Wheeeew, I know I've read this book before but I was still on the edge of my seat.Melissa ♥ Dog/Wolf Lover ♥ MartinJune 15, 2017What is it with me and not knowing how I feel about rating a book lately! I would like to give all the stars to Tyson! I am in love with Tyson and what he is =) I'm really hoping to get more of him in the other books. I thought the rest of the book was good and I love reading about all of the creatures. Of course, Percy and them are usually getting in trouble with all of said creatures. Well, not the sweet ones. I look forward to finishing the box set =) fantasy-all own young-adultReynita ★ The Night Reader ★September 14, 20173.7 STARSTHE REVIEW IS POSTED3.7 STARS Tomorrow, I'd be on my way to my favorite place in the world-Camp Half-Blood. This is the last day in Percy's 7th grade. For the first time in his life, he almost makes it an entire year without getting expelled. No attacks or anything that can make him expelled and tomorrow he'll be going to camp Half-Blood but then Percy's mother tells him that Chiron sent her a message last night saying that it might not be safe for Percy to come to Camp half-blood and Percy also gets this nightmare that is involving Grover. what happens at Camp Half-Blood? Why does Chiron say that it might not be safe for Percy to come to Camp Half-Blood because Camp Half-Blood is like the safest place on earth for half bloods and will something bad happen on this last day? and what kind of nightmare Percy gets that is involving Grover? you need to read the book to know the answers:p My Opinion Actually, I'm supposed to post this review yesterday but I didn't because I went to the cinema yesterday with my mom and big brother and we came home very late, it's midnight. Okay, now let's talk about the book! to be honest, I expected much from this book since I really really enjoyed the first book. I'm not saying this book wasn't good. I'm just saying that the first book was better than this sequel. the first book was funnier than this sequel and I just felt I was missing someone and that "Someone" was Grover. he didn't get many scenes in this book because... well, I can't tell you that because it would be a spoiler. Grover is one of my favorite characters in this series, so for me a book without many scenes of him would kind of feel ... I don't know, lack of something, lack of his humor. But I still enjoyed it even though I didn't enjoy it as much as I enjoyed reading the first book. But the plot of this book was exciting and I didn't get bored at all. I always found myself feeling excited and curious about what would happen next, But I still felt like something was missing when I didn't see Grover much. now let's talk about Clarisse, I didn't like her in the first book for what she did or about to do to Percy and she was really mean towards Percy,but in this book, I realized she isn't that mean. I still don't like how she acted to Percy in the first book but in this book, she's ... pretty nice to him and that means she's not completely mean. just read the book (if you haven't read it) and you'll know what I mean and I feel disappointed to Luke. I didn't expect him to be this evil. and HOW DARE HE DID THAT TO PERCY!!! I hope he gets hurt in the next book. UGH, I hate him.I already ordered the fourth and the fifth book and I have a copy of the third book but I can't read it now! Because if I read the third book now, then when I finish it and the fourth book still hasn't come, then I will be very very impatient. So I decided to read something else and when the fourth and the fifth book arrive at my home then I will read the third book. I SHOULD'VE ORDERED THEM SOONER. *sighs* thank you for reading and liking this review, guys. I appreciate it so much and I hope you all have a great weekend!♥P.S. : TYSON! I LIKE HIM SO MUCH! I hope I'll see him again in the next books. REVIEW TO COME TOMORROW ~~~~~I AM READING IT! HERE I COME PERCY, ANNABETH AND GROVER. I miss them so badly!2017-reads didn't live-up-to my-expectations fantasy-books July 21, 2017Wowowowow!! What an amazing adventure it was! I loved it! Percy's narration was still amazing! Now Camp Half-Blood's magical boundary has been weakened as someone has poisoned the Pine Tree which strengthen it. There is only cure to reverse the effect of poison. For this cure, Percy has to go on a quest to find it. A fatal quest!! I loved everything in this book! Action scenes were amazing! Chariot Races were also amazing! Every single character in this book is enjoyable and interesting. Especially Tyson is an amazing addition. I really wish to see him in the next book.Ending was shocking. I didn't see that coming. Titan Lord, again, fooled Percy.Overall, I LOVED THIS BOOK!!July 20, 2017October 30, 2023Perseus Jackson, did your mother not teach you to never accept gifts from strangers?Honestly, I didn't enjoy this as much as the first book, but I still found myself highly entertained and curious to continue seeing where Percy and his friends would go on their next quest. This sequel is still fun. We follow Percy and Annabeth, as well as Tyson and then other campers and characters making appearances, as they make their way to the Sea of Monsters to save Grover from being married to a Cyclops. The characters Rick has created are the highlight of this series so far, and I know it's only book 2, but they make the reading experience highly memorable. Percy is still his sassy self, although we are seeing some potential and future growth; Annabeth remains highly strong and purposeful; and instead of Grover, we meet a new cast member, Tyson, a Cyclops who ends up being Percy's half-baby brother, son of Poseidon. Seeing this trio was amusing, full of uncertainties, snark, and juvenile but realistic banter. Tyson is a fun addition to the cast, adorable and vulnerable but still solid and optimistic. He has the personality and intelligence of a kid still, but he's witty, loving, and courageous, never letting himself be brought down. He provides the necessary laughter between Percy and Annabeth. I wish the best for him, and I hope this isn't the last time we'll hear from him. One thing I've already noticed in Rick's writing is how there is never a dull moment. His writing is entertaining, allowing the reader to become fully immersed in his characters and their journeys. Rick's writing is never settled down, never dull, and overall has an enjoyable tone. I can easily see how this series was entertaining for kids and teens, showing a world of laughter and humor but also vulnerability underneath it. The journey overall has never grown unpleasant. There is always something new happening, never a moment where the characters aren't either saving themselves, trying not to be killed, or trying to save others. That said, I found this story less funny than the first book and a little more serious. I'm not exactly complaining, as it never felt boring or overwritten. However, because of the tone of the first book, I expected this to follow a similar pattern. Percy's character felt a little less witty, even though I loved seeing how his character genuinely came to life as the story progressed. I don't doubt Annabeth's character will become a favorite. She's stronghearted, brave, and trustworthy, all while remaining cautious, and for good reason. Her friendship with Percy has been delightful to see. They're still kids, but they both have big hearts and want to make a positive outcome in the future. There is also less Greek mythology in this, in my opinion. There are even newer characters, newer names, and more people to remember. Still, they didn't feel as relevant as most characters in the first book, even if they were just side characters or characters who were there for their appearances.There are a few other characters who I am not the biggest fan of, but they all have their intentions. My friend told me Clarisse has her redemption, and I'm hoping it will be enough because right now, she has me pulling my hair out of frustration. I cannot imagine her and Percy being anything other than rivals, especially after everything that happened with Ares. I don't hate her, especially after witnessing her dad be his true, cruel self towards her, but I still don't hold out the most sympathy. There are other characters like Luke, that traitorous child I can't bring myself to hate for some reason. Maybe it's because he's a kid who just wants his father's recognition and love. Perhaps it's because he feels abandoned by him. Maybe it's because deep down after being let down by the good side, he thinks the other side is the way to go. All in all, this was delightful to read. I'm ending this review here, as I am impatient and need to get to book 3 ASAP after that ending.March 7, 2017Ugh, I'm sooooo late with this review (not that anyone has been holding their breath since - let's be real - I'm probably that 0.01% who hasn't read Percy Jackson in their life) but better late than never, right?Soooo, this book. This book was epic. For a middle school series, Rick Riordan truly went all out. The characters, the plot, the battles, the adventures, the pre-wedding it was all spectacular. (Notice all the vague adjectives I'm using bc I'm a loser who went ahead and read the next book before writing this review so like don't blame me if I end up monologue about scenes from book 3)Percy and Annabeth will completely be the death of me. I mean they aren't even a ship yet and I've become such dedicated trash, it's wonderful I actually spend hours on a daily basis sighing over fanart So in this book, we continue from where book one left off. Percy is back in a mortal school and so far he's year has been shockingly average. But the fun is yet to start when Percy successfully though unintentionally destroys yet another school (and getting expelled in the process).He lands himself back in Camp Half-Blood, which is slowly wasting away due to a curse and it's up to him and the others to set everything right again by retrieving the Golden Fleece. To sum up, more action, more characters, more fun.Although this series is meant for middle schoolers, my very-adult-self (hush, I'm allowed to say that now) was continuously engaged in the plot. Let's all acknowledge that events are totally unrealistic but I think that just adds more fun to the story. And let's not forget the hilarity of this series, like the CHAPTER NAMES ARE #GOALS and the characters are so sassy omg how come I wasn't this sassy back in middle school? "You weren't able to talk sense into him?" Well, we kind of tried to kill each other in a duel to the death."I see. You tried the diplomatic approach." Anyways, we all know that I already finished the next book and I'm trying to rectify my terrible laziness for writing reviews by pretending I'm doing the responsible thing but like, the next book is waiting for me so byeeeeeeeeeeeeeeeee "That's what makes heroes so special. You carry the hopes of humanity into the realm of the eternal." 4 stars!!!!----- gotta catch up with the rest of the world !!! A(3)>200-pgs i-will-go-down-with-this-ship kickass-heroine April 24, 20234.25/5 [All I have to say about this is that Grover and Tyson are the sweetest. And that's it.And somehow, everything seems to go good and bad at the same time, but that simply can mean that the action is building nicely and it just gets more and more exciting.fantasy mythology on-app November 12, 2023 "don't untie me," she said, "no matter what happens or how much i plead. i'll want to go straight over the edge and drown myself." "are you trying to tempt me?" "ha-ha," the banter was flawless and yk what was even better, reading w my gorg girl may, ilysm
