

**Hold the line challenge guide**

**I'm not robot!**

Lego Star Wars Skywalker Saga Endor The Line Challenges are quite accessible compared to those you have completed in the previous level (The Copa-Khetanna) of Episode VI: Return Of The Jedi. That's because the Endor The Line mission mainly focuses on a race you'll have to complete, which includes only a Challenge. This means that the first two are unlocked in the small area at the beginning of the level. The Lego Star Wars Skywalker Saga Endor The Line Level Challenges can be unlocked in a single playthrough; thus, you won't have to replay the mission in Free Play to get the Kyber Brick for finishing them. However, to complete all Level Challenges in Endor The Line, you'll have to know their objectives, which means you'll need to buy rumors. To save you 90,000 Studs, we'll go over the three hidden Challenges throughout the guide below, and I'll tell you how to complete them. The complete list of Challenges in Endor The Line level includes: No Safe Place-In-FightingDodge This! Now, let's see what you have to do to unlock them. How To Complete Lego Star Wars: The Skywalker Saga Endor The Line Challenge #1 - No Safe Place The first Level Challenge you should focus on during the Endor The Line mission of the video game developed by TT Games is No Safe Place. If you buy a rumor, you'll find out that for this challenge, you'll need to damage the Scout Troopers by overloading the generator. The generator you'll need to overload is in the starting area of the mission. You'll see it as you descend the hill on the right side. To overload the generator, you'll need to hit it once with a melee or ranged attack; however, you need to damage the Scout Troopers for this challenge. Therefore, while playing as Luke, you must lure the Scout Troopers so that they can get close to the generator. To do this, simply wait for them to get close to you while you are close to the generator. When at least one of the Scout Troopers is nearby, hit the generator, and the No Safe Place Challenge unlocks. How To Complete Lego Star Wars Skywalker Saga Endor The Line Challenge #2 - In-Fighting The second Endor The Line Level Challenge you have to unlock is In-Fighting. It is recommended that you unlock it immediately after the previous one because otherwise, you'll run out of Scout Troopers. The In-Fighting Challenge requires you to make the Scouts fight amongst themselves with Jedi Mind Tricks. To obtain it, you'll have to play as Luke, and while facing a Scout Trooper, press and hold Y (on Xbox). Now, from the radial menu, select Panic, and the targeted enemy will eventually turn against the closest ally. How To Complete Lego Star Wars Endor The Line Challenge #3 - Dodge This! The third and final Endor The Line Challenge is also quite accessible but easy to miss. It requires you to fly through an AT-AT's legs. After you start the chase through the forest, you'll have to pay attention to the road ahead because at some point, you'll see a large AT-AT crossing the path. As you can guess, you'll have to align your bike and fly through the opening between its legs. If by any chance you miss the first AT-AT, you'll find another one down the road, but if you miss that one too, you'll have to restart the mission. And that's about it! You have completed all Lego Star Wars Skywalker Saga Endor The Line Challenges, so now it's time to check the next mission in line, named The Chewbacca Defense. There are six Kyber bricks to unlock in each level of Lego Star Wars: The Skywalker Saga. One for completing the level, three for filling up the stud gauge all the way to True Jedi, one for collecting all minikits and one for completing all three level challenges. In this guide, we'll show you how to get all of the minikits and challenges, as well as outline what characters are unlocked by completing the level Endor the Line in Episode VI. Endor the Line Minikit Locations: Lego Star Wars: The Skywalker Saga For collecting all five minikits in Endor the Line you'll unlock the Imperial Lambda-Class Shuttle (Micro). Endor the Line Minikit #1 At the start of the level there are three red birds flying around. Take them all out to get a minikit. Endor the Line Minikit #2 One is hiding behind some foliage in the first area, before you get on the speeders. Endor the Line Minikit #3 In the first area, there's a villain crate with an apparatus to the side. Destroy the piece next to it and build it into a card reader. Turn around and you'll see a cage in a tree with silver bars on it. Use a villain character to destroy the silver bars and then grab the card that falls down. Once you use it to unlock the crate you'll get your minikit. Endor the Line Minikit #4 Also in the first area, there's a wall that can be broken by a Scavenger with a breaker blaster. Do so, and then step inside the cave to find a little ewok asleep on a minikit. Destroy the crates in the cave and build a chicken rotisserie to wake it up and grab the minikit. Endor the Line Minikit #5 After you pass the first AT-AT there's an enemy speeder holding the last minikit. You'll need to shoot it down to get it, but watch out - the path forks and if you don't take the same one as the speeder you'll have to restart the level. Lego Star Wars: The Skywalker Saga Endor the Line Level Challenges Dodge This! - Fly through an AT-AT's legs. There are several AT-ATs on the path if you miss the first one, be warned that if you attempt to fly through the legs and miss, you will restart next to the AT-AT and will not get another chance to attempt that one. In-Fighting - Make the Scouts fight amongst themselves with Jedi Mind Tricks. Fairly simple, grab a Jedi and start a brawl! No Safe Place - Damage the Scout Troopers by overloading the generator. In the first area it's the thing with the blue power core, with red and green wires coming out of it. Shoot it/hit it/take it out however you like and you'll get the level challenge. Lego Star Wars: The Skywalker Saga Endor the Line Character Unlocks For completing the level Endor the Line for the first time you'll unlock the following characters: Leia (Endor) Leia (Endor - Hat) Luke Skywalker (Endor) We at Games thank you for your support.
