The program uses points on a reinforced scale upwards of +- 50 cents off ET. You can save the Aroh and Avroh you created. In all manual modes, tap "ON" button to execute, and tap "OFF" button to enable "Exit" button. To exit the stability dialog of each program. The user scale refers to THATS. For Sequence/RAAGA users, you can optionally use it to use AROH and AVROH by marking/unchecking a character from their respective checkboxes. In automatic mode, it plays separately and manually, user can play with one finger. Tap the "On" button to start playingTo activate the output option, click on the "Closed" button, open, select and install Taat from the list. Change the pattern using Pattern+ I-Pattern buttons, then select it. The base key of the swarm can be accurately configured to the level of the synthesizer, the pace can be changed. To do this, use the automatic settings button. This is possible both in automatic and manual. An important feature: all notes, except for saving "SA", can also be changed on the screen and use by noting the "User Scale" field. For example, "mosquito re", "mosquito GA" and "mosquito dba" when exit is slightly reduced along the tinkler, and "Tivr Ma" is harsh, landing normally. Choose notes. Your special mandalan Swara will give you three octaves of these notes. You can set your choice from Raga Install and choose one of the options. On the Raga page, click Raga and click the "Download Raga" button. For special scaling, you can check Shrouti boxes. Click the Compose Aroh button to create your own Aroh and Euro. Now you will see two sets of Swarara. The best cluster will be the Aroh series (initially SA ...). Now choose the first SWAR in the upper set. Blue. Now click on the necessary Aroh swaps from the subset with all the necessary notes. They will be printed on the upper set and the choice will expand. After completing the input, use the cell button to reduce the cells so that they contain only the pharynx. Return and repeat the same for the euro. Correct the gap between GAP+ and tables with a sequential interval of repetition in a matter of seconds. Now you can press the playback button. . -> Save the current rank. Enter the name and save. Then, when you want to use it, go to the menu-> registered Raga files. Download this file. The series will work everywhere. The user must stop the game to leave the Ragas dialog. It is very important: remove the copper sign in the "user series" to play in the series only once (if necessary).Hold the gap> 10 seconds. If you need shots, press the One Shot button. If the cycle mark is marked, this button will be disabled. Do not forget to press the stop button, even if you work in a single shot mode and do not hear any sound, you cannot get out of the dialogue. : //www.youtube.com/watch?v = GIR25325CFE & FUNCNET = YouTu.BE Visit: V = GIR25325CFE & FUNCTION = YouT.BE
