Android browser Open your browser app. It could be called Internet or Browser. Tap the Menu button on your phone or at the top right of the browser. Tap Settings Advanced Set search engine. Tap Google. Search widget Important: This feature is available on new devices distributed in the European Economic Area (EEA) on or after March 1, 2020. On your Android phone or tablet, open the Google app . At the top right, tap your Profile picture or initial Settings. Tap Search widget Switch to Google. Tip: Learn how to set Google as your homepage. Post to the help community Get answers from community members You can find and change your settings from any screen on your phone with Quick Settings. To get to the settings you change often, you can add or move them to Quick Settings. Some of these steps require you to touch the screen. Open Quick Settings To find your first few settings, swipe down from the top of your screen. To find all your Quick Settings, swipe down again. Turn settings on or off To turn a setting on or off, tap it. Dimmed settings are off. To get more options for a setting, touch and hold it. Add, remove, or move a setting From the top of your screen, swipe down twice. At the bottom left, tap Edit . Touch and hold the setting. Drag the setting to where you want it. To add a setting, drag it up from "Hold and drag to add tiles." To remove a setting, drag it down to "Drag here to remove." Tip: Some apps may ask if you want to add their icon as a tile in your Quick Settings menu. You can remove, or re-add these at any time. Ifyou have several settings turned on, your phone sometimes hidesicons to save screen space.To find the hidden icons, at the top of your phones screen, you'll find a dot. To find whats playing on your phone, swipe down from the top of your screen. To open the app where the media is playing, tap the panel. If you use more than one media app, swipe right or left to find them. To change where the sound plays, at the top right of the panel, tap the name of your audio accessory. For example,"Speakers" or "Pixel buds." Post to the help community Get answers from community members
