The camera automatically powers off when you stop recording. So, using this feature is a great way to save battery life. Partial List of Voice Commands GoPro start recording GoPro stop recording GoPro take a photo GoPro shoot burst GoPro start time lapse GoPro stop time lapse Partial List of Voice Commands GoPro start recording GoPro stop recording GoPro take a photo GoPro shoot burst GoPro start time lapse GoPro stop time lapse Use mounts to capture creative perspectives and a variety of shots. Curved + Flat Adhesive Mounts Mount your GoPro to both curved and flat surfaces, like helmets and skateboards. Shorty An ultra compact mount that's great for selfies, tripod shots and travel. Handlebar / Seatpost / Pole Mount Great for mounting to handlebars, seatposts, ski poles and more. Use mounts to capture creative perspectives and a variety of shots. Curved + Flat Adhesive Mounts Mount your GoPro to both curved and flat surfaces, like helmets and skateboards. Shorty An ultra compact mount that's great for selfies, tripod shots and travel. Handlebar / Seatpost / Pole Mount Great for mounting to handlebars, seatposts, ski poles and more. Zoom is available for all video and photo capture modes. Zoom is not available for SuperView FOV. High Dynamic Range (HDR) retains a greater level of detail and color in a photo. It's best for still shots, landscapes, and images with shadows and bright areas. By default, your GoPro uses the 5GHz Wi-Fi band to connect to other devices. This band provides the fastest transfer speed when you offload your video and photos to your phone or computer. To use the 5GHz band, your phone or other device must also work with that band. If you don't have a compatible device, you can change the Wi-Fi band on your GoPro to 2.4GHz. Turn On Your GoPro with Your Voice You can power on your camera using a voice command. When you turn on Wake on Voice, your camera listens for voice commands for 8 hours. Voice Commands "GoPro Turn On" or "GoPro Start Recording" To get the best performance from your GoPro, always use the latest software. Option 1 Connect to the GoPro app. If an update is available, you're automatically notified. Option 2 Connect to Quik for desktop. If an update is available, you're automatically notified. Option 3 Visit gopro.com/update and download the software directly to your microSD™ card. To get the best performance from your GoPro, always use the latest software.
