Think about that before each and every decision you make. The more you know about yourself, and the more you respect and respond to this knowledge about who you truly are and what makes you different, the better your results will be with everything in life. Don't try to be something you are not. What you see as your weaknesses may actually be strengths.Today's Internet Independence Tip:"Look ...If you're struggling, I've been there...and I can tell you first hand that it'll get better if you keep on trying. I believe in you. Go for it." - Frank KernGo for it and live large.Craig Ballantyne
